RE: REGISTRATION OF TRAINEES

We would confirm that the following person/s have now been registered as trainees with your company.

We must remind you that the trainee may only work on fire extinguishers under the direct supervision of a registered serviceman. He is expected to become a registered competent person after the minimum period of six months and before 24 months from the date of the issue of his training certificate / initial trainee registration. This is not done automatically; the trainee must apply for new registration forms.

PLEASE TAKE NOTE: THE MANAGEMENT REPRESENTATIVE IS OBLIGATED TO INFORM THE TRAINEE SHOULD HE BE FOUND GUILTY OF MISCONDUCT; THEIR TRAINING PERIOD MAY BE EXTENDED DEPENDENT ON THE SEVERITY OF THE OFFENCE.

The trainee/s listed below is/are entitled to a copy of the SAQCC Fire Operations Manual which the training centres now supply to the trainees when taking their course. Should your training Centre not have provided you with this, then please contact this office for the relevant forms.

An information sms is sent to each technician and trainee with reminders, hints and tips at regular intervals. If your trainee/s does not receive this, please forward the cell phone numbers to this office so that they can be added to the data base and be kept informed.
